PART 1: A little introduction and interview session with the members of the band.

PART 2: Live performance of their song "Little Bit" and a little bit more conversation with Michelle and Linda.

PART 3: Salute to game shows; a switched up version of Match Game where everyone in the studio tries to match Chris to win a prize. The prize? Boy Meets World: Season 1 on DVD. Who'll win it?! Play along at home and match wits with us and our guests! Also features a first-break spoken word video by Gary Turk, titled: "Look Up" and more of those totally awesome 80s/90s commercials during the breaks!
