LIVE Show #12 "Technical Difficulties. Please Stand By."

Chris and Kat are back with another live show. One of the most random shows we've done in a while. Topics include: Onion rings, The World Cup, graduation, board games, Instagram, and a round of word association. The show is plagued with technical difficulties throughout (for those who like that sort of thing)! Watch us run this live obstacle course for an hour.

Features a new song: Pardon Me Sir - "Autumn"
